

Environmental management, Safety and Labor Protection Policy
NJSC KazNRTU named after K.I.Satbayev for 2022-2026

NJSC "KazNRTU named after K.I.Satbayev" - the flagship of engineering education of the Republic of Kazakhstan

The mission of Satbayev University is science and education for the benefit of man.

The purpose of the environmental policy, safety and labor protection of the NJSC "KazNRTU named after K.I.Satbayev" is the environmentally safe and sustainable development of the University in the course of its activities, which ensures maximum reduction of negative impact on the environment, as well as prevention of hazardous production factors in the field of occupational safety and industrial safety.

NJSC KazNRTU develops, implements and maintains an Environmental Management System and an Occupational Safety and Health Management System, in accordance with the requirements of international standards, taking into account world practices.

To implement this Policy, the University management assumes the following obligations:

1. Comply with the requirements of the legislation of the Republic of Kazakhstan, international and national standards, internal documents in the field of environmental management, safety and labor protection
2. Demonstrate leadership and commitment of top management in the field of environmental protection and environmental safety, as well as occupational safety and industrial safety.

Within the framework of the implemented systems, management undertakes:

- Comply with the requirements of international standards ISO 14001:2015 and ISO 45001:2018.
- Ensure safe working conditions, prevent injuries.
- Eliminate hazards and reduce occupational risks to the life and health of students and employees.
- Comply with the established internal regulatory requirements for environmental management, occupational safety, occupational safety and environmental protection.
- Constantly improve the level of knowledge and competence of personnel in environmental management, labor protection.
- To develop a culture of safe work and environmental culture at the university.

This Policy is the basis for planning, management and continuous improvement of the activities of NJSC KazNRTU, approved by all stakeholders to ensure the quality of services provided.

Management assumes responsibility for the implementation, understanding and support by all employees of the Quality, Environmental and Occupational Safety Policy and guarantees the provision of the authority and resources necessary to ensure the full implementation of this Policy.
