

Report on the work of the Dissertation Council

Dissertation Council "Chemical processes and production of chemical materials" in the specialties (8D07108- Basic processes of synthesis and production of new organic and polymer materials; 8D07109- Innovative technologies and new inorganic materials) for 2022.

The report contains the following information;

1. Data on the number of meetings held -7
2. There are no members of the dissertation council who attended less than half of the meetings.
3. A list of doctoral students indicating the organization of training.
 1. Lutsenko Aida Alexandrovna "Development of modified water-acrylic composites with improved protective and decorative properties" in the specialty 08D072100 - Chemical technology of organic substances. North Kazakhstan State University named after M.Kozybayev.
 2. Uzakova Assem Bakitzhanovna on the topic "New materials – heterocyclic derivatives of β -aminopropioamidoximes for solving health problems in Kazakhstan (treatment of tuberculosis and diabetes)" in the specialty 08D072100 – Chemical technology of organic substances. Kazakh-British Technical University
 3. Dauletbakov Anuar Ametovich "Synthesis, study of ecotoxicity and growth-stimulating ability of ionic derivatives of pharmacologically active substances" in the specialty 6D072100 - Chemical technology of organic substances. Kazakh-British Technical University
4. There were 3 dissertations reviewed in the reporting year.
5. The official reviewers elaborated on all the important points of the dissertation and recommended the work for defense.
6. Proposals for further improvement of the system of training scientific personnel - strengthen the control over the preparation of doctoral students at the training stage
