

Institute of Geology and Petroleum engineering

Petroleum engineering

Group of educational program: M115 Petroleum Engineering Educational program: 7M07202 Petroleum Engineering				
№	Full name master's students	Dissertation theme	Full name of the scientific supervisor	Academic degree, title, position and place of work
1	Aida Azhdarova	Analysis of the Influence of Phase Permeabilities on Water Inflow into Wells	Nurbekova Kunsaya	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
2	Aldangorov Rustam	Analysis of Drilling Horizontal Wells at JSC "Embamunaigas" with RSS and PDM	Smashov Nurlan	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
3	Asauov Askhat	The Influence of Fracture Fixing Technology on the Efficiency of Hydraulic Fracturing	Syzdykov Askar	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
4	Baktygeri Aidos	Construction of a Model of Centralized Control and Automation of Gas Pipelines	Nurbekova Kunsaya	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev

5	Abduali Kunduz	Study of Technologies for Reducing the Subsidence of Surface Tanks in the Oil Field	Moldabekov Murat	Doctor PhD , Assistant Professor of Kazntu named after K.I.Satpayev
6	Darkhanov Daniyar	Improving the Efficiency of Oil Recovery Using Integrated Methods of Enhanced Oil Recovery: the example of the Fields of the South Turgai Basin	Syzdykov Askar	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
7	Iskakova Lunara	Improving the Quality and Ensuring the Reliability of Oil Storage Tanks	Imansakipova Nurgul	Doctor PhD, senior lecturer of KazNRTU named after K.Satpayev
8	Kaidar Aigerim	Study of the Reduction of Hydraulic Resistances in Pipeline Transportation of Viscous Oil	Moldabekov Murat	Doctor PhD , Assistant Professor of Kazntu named after K.I.Satpayev
9	Kenzhetayev Adil	Development of Scientific and Applied Fundamentals and Analysis of Technologies for the Development of High-Viscosity Oils on the Example of the X Field	Nurbekova Kunsaya	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
10	Konusov Zhalgas	Dual Well Completion of Two Productive Formation at the Khairkeldy North Field	Syzdykov Askar	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev

11	Kosymbaeva Shyngys	Improving Technological Processes to Increase Oil Recovery Through Gas Injection.	Abdeli Dairabay	Doctor of Technical Sciences, Professor of KazNRTU named after K.Satpayev
12	Magzumov Nursultan	Improvement of Geosteering and Technological Support Methods for Horizontal Well Drilling at the Fields of JSC «Embamunaigas»	Kudaikulova Gulzhan	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
13	Omarbek Aisha	The Applying of an Anti-turbulent Additive to Increase the Productivity of the Oil Mixture Flow Through the Uzen-Atyrau-Samara Main Oil Pipeline	Akhymbaeva Bibinur	Doctor PhD , Assistant Professor of KazNRTU named after K.Satpayev
14	Ruslanuly Arslan	Reduction of Greenhouse Gases, the Impact and Methods of Their Reduction at the Tengiz Field	Kassenov Almabek	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
15	Ryskeldy Damir	Intensification of the Technological Process Using Models for Predicting Paraffin Deposition Based on Temperature Gradient Correlations	Yeligbaeva Gulzhakhan	Doctor of Chemical Sciences, Professor of KazNRTU named after K.Satpayev

16	Saydenov Asar	Analysis of the Effectiveness of the Use of Deparaffinization Mechanisms on the Example of the Tenge Field	Kassenov Almabek	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
17	Sideshov Yeset	Features of Operation of Underwater Pipelines	Imansakipova Nurgul	Doctor PhD, senior lecturer of KazNRTU named after K.Satpayev
18	Khasenov Sain	Drilling Optimisation of Extended Reach Multilateral Wells at the Fields of the North Caspian	Kudaikulova Gulzhan	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
19	Shakirov Aibek	Analysis of the Effectiveness of the Implementation of Polymer Flooding Technology at the Kalamkas Field	Kassenov Almabek	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
20	Yuldashov Kairatzhan	Perfection of Chemical Methods for Combating Asphalt and Paraffin Deposits in Oil Production	Abdeli Dairabay	Doctor of Technical Sciences, Professor of KazNRTU named after K.Satpayev

21	Askarov Ruslan	Improving Methods of Performance Prediction and Evaluation of Polymer Flooding Applications	Kudaikulova Gulzhan	Candidate of Technical Sciences, Associate Professor of KazNRTU named after K.Satpayev
22	Yessenzhan Elaman	Improving the Efficiency of High-Viscosity Oil Recovery at the Field of EMB	Syzdykov Askar	Candidate of Technical Sciences, Professor of KazNRTU named after K.Satpayev
23	Alzhan Ansar	Ensuring the Stability of Oil Pipelines in the Conditions of Manifestation of the Processes of Formation of Gas-air Accumulations	Imansakipova Nurgul	Doctor PhD, senior lecturer of KazNRTU named after K.Satpayev
24	Nigmatullin Orken	Modernization of the Test Separator on Unit 3 of the Karachaganak Field	Yeligbaeva Gulzhakhan	Doctor of Chemical Sciences, Professor of KazNRTU named after K.Satpayev

Director of the Institute of Geology and Petroleum Engineering

A. Syzdykov

Head of the Department of Petroleum Engineering

G.Yeligbaeva
