## **SOCIAL SUPPORT FOR STUDENTS**

### **Documented Procedure № 715**

#### **1 PURPOSE AND SCOPE**

1.1 This documented procedure defines the structure, content, responsibility and procedure for providing social support to employees and students at NJSC “KazNRTU named after K.I.Satpayev” (hereinafter referred to as the University).

1.2 This procedure “Social Support for Students” (hereinafter referred to as the Procedure or DP) is designed to provide adequate support services consistent with the educational mission and objectives of the University. The quality of services and life on campus contribute greatly to the quality of student learning.

1.3 The requirements of this procedure apply to the organization and planning processes of the University's support services, which include, but are not limited to a well-defined and organized registration page and advisory systems, financial aid and scholarships, housing, career and employment, health, sports, discipline counseling, student organization, extracurricular and cultural activities, security.

1.4 All work under this Procedure is controlled by Vice-Rector for Academic Affairs, Vice-Rector for Administrative, Social and Educational Work, directors of institutes and heads of the departments.

1.5 The organization and planning of the social support for students at the University is managed by the directors of the Registrar’s Office, the Department of Information Systems, and the Department of youth and sports.

1.6 The requirements of this documented Procedure are mandatory for all departments of the University.

1.7 This Procedure is an internal regulatory document of the University and is not subject to presentation to other parties, except for auditors of certification bodies during management system audits, as well as to partner consumers (at their request) with the permission of the head of the University.

#### **2 REGULATIONS**

2.1 The Law of the Republic of Kazakhstan “About Education” № 319-III dated July 27, 2007.

3.1.5 Risks and opportunities that may affect quality, as well as measures to address them:

- organization of subsidized meals for students from families with a difficult financial situation;

- providing a hostel for students from among orphans and children left without parental care and under guardianship;

- providing financial assistance to students, taking into account their academic performance, social status and financial situation;

- monthly compensation of expenses for renting housing at the expense of extra-budgetary funds of the university for non-resident students living in rented apartments;

- provision of pre-medical, emergency medical care, medical support for competitions, entrance exams;

- organization of employment of students during the holidays.

3.2 Designations, abbreviations

Department of youth and sports	–	DYS
Office of the Registrar	–	OR
Medical Center	–	MC
State Pension Payment Center	–	SPPC

## 4 GENERAL PROVISIONS

4.1 Social assistance and support for students is one of the highest priority areas of social work carried out at the University, which provides a solution to social problems in order to create optimal conditions for learning and development of students.

The main directions and types of social support for KazNRTU:

- compliance with the legislation of the Republic of Kazakhstan in relation to students;
- socio-psychological support;
- providing students with social and nominal scholarships, grants, allowances, compensations and subsidies;
- providing material and other assistance to university students;
- health protection.

As part of social support, university students can use the following types of assistance:

4.2 Providing financial assistance in the form of discounts on education transfer to education at the expense of the state educational grant.

One of the main types of social support for students is the provision of financial assistance to students of a paid form of education who have proven themselves in studies, research work, who can be provided with discounts on tuition, as well as the possibility of transferring to study at the expense of a state educational grant in accordance with the Regulations on commission on the provision of discounts on educational services and material incentives (encouragement) for students of the NJSC “KazNRTU named after K.I. Satpayev”.

The University administration maintains close cooperation and provides significant assistance in the activities of trade union committees to employees and students.

At the university, trade union committees of employees and students provide for the provision of material assistance to employees and students who find themselves in a difficult life situation, as well as in connection with the anniversaries of individuals.

### 4.3 Organization of preferential meals for students

For students from families with a difficult financial situation, the university provides preferential meals in accordance with the provision of state support to students from among orphans and children left without parental care and under guardianship in accordance with the Decree of the Government of the Republic of Kazakhstan dated March 12, 2012 № 320 with amendments and additions as of April 25, 2015 “On approval of the amounts, sources, types and Rules for the provision of social assistance to citizens who are provided with social assistance”.

### 4.4 Provision of the dormitory

The institutes create commissions for the distribution of places in student dormitories for the following categories of students who are exempted from paying for living in them: students from other cities, taking into account the social status,

financial situation, students from among orphans and children left without parental care and who are under guardianship.

To receive this form of social support, students submit the following documents:

- application (in any form);
- information about the family composition;
- certificate confirmation of unemployed parents (if any);
- certificate of death of parents (if any);
- decision on the appointment of guardianship (if any);
- certificate of divorce (if any);

#### **4.5 Provision of medical care**

The University of the Medical Center organized the provision of pre-medical, emergency medical care, the provision of medical care during competitions, entrance exams.

#### **4.6 Organization of student employment**

Assistance to student youth in the passage of industrial practice and employment is carried out by the Department of Practice and Career Office of the Registrar.

The formation of the summer student camp “Zhasyl el” from among the students actively participating in the public life of the university, DYS together with the Career Center organize employment.

#### **4.7 Advice on social, legal and legal issues**

During the academic year, students are consulted on issues related to social support at the University and guarantees provided by the state. Consultations relate to issues of social support (benefits, material assistance, distribution, pension provision) and issues related to social protection. On social and legal issues, the student applies to the DYS.

## **5 DESCRIPTION OF THE PROCEDURE**

---

### **5.1 Description of the procedure for social support of students**

#### **5.1.1 Social conditions for students include:**

- conditions for independent work (libraries, reading rooms, Internet access, laboratories, and etc.);
- conditions for educational work;
- living conditions for non-resident students - dormitories;
- conditions for the versatile development of the individual, for example, circles of interest;
- conditions for cultural leisure activities.

5.2 To receive social benefits, students are provided with a certificate to the SPPC.

5.3 Social support for students consists of the following stages:

#### **5.3.1 Diagnostic stage**

At this stage, the organization of joint activities of all departments of the university. Development of work plans. Conducting training seminars and trainings. Compilation of socio-pedagogical characteristics of study groups. Conducting surveys, testing, interviews, individual and group consultations (Form KazNRTU 715-02).

### **5.3.2 Analytical stage**

Processing and analysis of questionnaires, socio-pedagogical characteristics of study groups. These data help to identify the main problems of students and educational institutions. Compilation of socio-pedagogical characteristics of institutions and the University. Based on the socio-pedagogical characteristics, the DYS creates a database of students in need of socio-pedagogical assistance and support.

### **5.3.3 Design and search stage**

Based on the database of students in need of social and pedagogical assistance and support, a search is made for constructive ways to solve the problem, determine the forms and methods of work, distribute responsibilities, develop individual areas of work and determine the timing of implementation.

### **5.3.4 Activity stage**

Implementation of the planned areas of work. Implementation of coordination activities, acceptance of applications and documents. Provision of social support.

### **5.3.5 Reflective stage**

At this stage, the DYS compares the initial data (problem identification) and the final result of the work done. The analysis is carried out and recommendations for further activities are developed. Planning activities for the next period, taking into account the analysis of the work carried out.

## **6 PLANNING of SOCIAL SUPPORT FOR STUDENTS**

---

6.1 The planning of social support for students is carried out at the appropriate levels of the University and is reflected in:

- action plans of the Institute for the educational work of students;

6.2 The development of plans for social support of students is carried out by the Student Support Center of the OR, institutes, DYS, taking into account the recommendations of higher authorities and proposals from institutes, departments and other structural divisions.

6.3 When planning social support for students, the following are taken into account:

- the results of the implementation of the relevant plans for previous periods;
- the contingent of students;
- proposals received to improve social and educational work;
- coherence of plans.

6.4 The plans for social support of students should reflect:

- activities for social support of students;
- measures for the prevention of offenses;

- anti-corruption measures;
  - activities to develop the creative abilities of students;
  - cultural events;
