NJSC “K.I. Satbayev Kazakh National
Research Technical University”,
22a Satbayev st. 050013, Almaty, Kazakhstan
20/02/ 2023

To: Prof. Joaquin Silvestre
Proposal Co-ordinator

Commitment Letter

I, undersigned, **Alibek Shokparov**, in my quality of Legal Authorized Representative of NJSC “K.I. Satbayev Kazakh National Research Technical University”, commit to set up all necessary provisions to send/host the secondments contributing to the development and implementation of the proposal number **SEP-210920717** - acronym **CLEANWATER** submitted within the call **HORIZON-MSCA-2022-SE-01** should the proposal be funded.

In particular, we will contribute to the preparation, characterization and application of composite adsorbents for water treatment. Our expertise is in the synthesis and application of adsorbents for the effective removal of certain organics (such as unwanted taste and odours, micropollutants), chlorine, fluorine or radon from drinking water or wastewater. However, it is not effective for microbial contaminants, metals, nitrates and other inorganic contaminants.

I am aware of and agree with the principle that the setting up of such provisions is a precondition for the proposal to be funded.

Satbayev University will send its staff and research students to the consortium beneficiaries for knowledge transfer visits according to the project work programme.

000490

We are pleased to provide any additional information on our commitment towards the project upon your request or the request of the European Commission.

Sincerely yours,

Alibek Shokparov

Member of the Management Board
Vice-Rector in Charge of Research
and International Cooperation
NJSC "K.I. Satbayev Kazakh National
Research Technical University"
