

Список Билла:

Потенциальные, возможные или вероятные хищные научные издатели открытого доступа

Это список сомнительных научных издателей с открытым доступом. Мы рекомендуем ученым ознакомиться с доступными обзорами, оценками и описаниями, представленными здесь, а затем решить для себя, хотят ли они представлять статьи, выполнять функции редакторов или входить в состав редакционных советов. В некоторых случаях в список также были добавлены издатели, не имеющие открытого доступа, чья практика совпадает с практикой хищных издателей. Критерии определения хищных издателей приведены здесь.

Мы надеемся, что комитеты по вопросам владения и продвижения по службе также смогут самостоятельно решить, насколько важно или нет оценивать статьи, опубликованные в этих журналах, в контексте их собственных институциональных стандартов и/или геокультурного локуса. Мы подчеркиваем, что издатели журналов и журналы со временем меняют свою деловую и редакционную практику. Этот список обновляется в максимально возможной степени, но может не отражать внезапные, незарегистрированные или неизвестные улучшения.
