

Material and technical base of the department «Oil and gas geology»

№	№ of classr.	Training frame	Sq., m2	Name of installations	Quant. seats
1	506	Main academic building	48	<ol style="list-style-type: none"> 1. Oil salt meter automatic laboratory 2. Automatic analyzer of congelation temperature and cloudiness 3. Analytic balance AV 264C 260/0.1mg; 4. Apparatus for filtering oil AFN-01M 5. Analytical balances GR-200 6. Laboratory balance AJ-3200CE 7. Electronic laboratory balance VM2202M-II 8. Meter of low-temperature indicators of oil products PEA-7200A 9. Determination of dynamic viscosity and rheological characteristics on a rotational viscometer 	16
2	503	Main academic building	48	<ol style="list-style-type: none"> 1. Microscope– 10un. 2. Microscope OrtoLux 3. Workstation included Intel Ram 8Gb/1000GB HDD/VC 1024 MB/DVD-RW/23 4. Thermocryotable 	21
3	501	Main academic building	48	<ol style="list-style-type: none"> 1. Computer classes "Petrel" 	21
4	504	Main academic building	32	<ol style="list-style-type: none"> 1. Permeameter 2. Porosimeter 	16
5	345	Main academic building	200	<ol style="list-style-type: none"> 1. Projectors 2. Microphone 3. Audio speakers 4. Microscope 	90
