

## **AGREEMENT №1 U**

### **On the strategic partnership between Kazakh National Technical University named after K.I. Satpaev and Tomsk Polytechnic University**

**Tomsk city**

**20.01.2010y**

The State Educational Institution of Higher Professional Education "Tomsk Polytechnic University", hereinafter referred to as TPU represented by the rector Chubik Petr Savelyevich, on the one hand, and the Kazakh National Technical University. K.I. Satpaeva, further KazNTU represented by the rector Adilov Zheksenbek Makeevich, on the other hand, guided by the desire to develop relations between countries and universities and in the interests of mutually beneficial cooperation in the field of higher professional education, science and culture, have concluded this agreement on the following:

#### **1. Subject of the agreement**

This agreement is aimed at establishing, developing and improving educational, scientific and cultural cooperation, which is carried out through equal and mutually beneficial relations in order to implement areas of cooperation.

#### **2. Areas of cooperation**

- 2.1.1. The parties intend to cooperate in the following areas:
- 2.1.2. Improvement and development of the educational process and educational and methodological work in the field of higher professional education.
- 2.1.3. Joint research in the field of mutual interests, including based on the mutual use of the material base, equipment and human resources.
- 2.1.4. Mutual exchange of information within the framework of the concluded agreement.
- 2.1.5. Development and implementation of joint special projects aimed at the implementation of the above areas of cooperation.
- 2.2 The Parties may carry out activities in other directions, which will be agreed by the Parties and reflected in separate agreements.

#### **3. Improvement and development of the educational process and educational and methodological work in the field of higher professional education**

- 3.1 Development, coordination and implementation of joint professional educational programs.
- 3.2 Exchange of experience in organizing the educational process, exchange of scientific and methodological information and materials, as well as educational and methodological plans and programs.
- 3.3 Lectures, holding seminars, consultations on topical issues in the sphere of interaction within the framework of this agreement.
- 3.4 Conducting methodological seminars, master classes, meetings with the authors of educational and methodological complexes.
- 3.5 Mutual exchange of scientists, teachers, students, masters, graduate students in order to deepen theoretical and practical knowledge in accordance with the requirements of both parties to ensure the fulfillment of the terms of this Agreement.

**4. Joint research in areas of mutual interest,  
including on the basis of the mutual use of the material base,  
equipment and human resources**

- 4.1. Carrying out joint scientific research and performing joint scientific work in promising areas in areas of mutual interest.
- 4.2. Organization and participation in seminars, conferences, thematic round tables, symposiums, exhibitions and other events held by any of the Parties.
- 4.3. Implementation of cooperation in the field of innovative projects and priority areas for the development of science.
- 4.4. Joint scientific supervision of senior students, undergraduates, postgraduates and doctoral students based on cooperation and direct connections.
- 4.5. Joint preparation of scientific articles and monographs.
- 4.6. Development of legal, economic, regulatory and technical support for joint projects related to the implementation of developments.

**5. Mutual exchange of information within the framework  
of the concluded agreement**

- 5.1. Provision of information by the Parties on new technologies and exchange of scientific and technical information.
- 5.2. Organization of access to information resources, educational and methodological materials, including electronic educational resources posted on the websites of the Parties.
- 5.3. Implementation of the exchange of information on scientific achievements, the most significant international conferences and events related, among other things, to the celebration of anniversaries and memorable events of mutual interest of the Parties;
- 5.4. Providing the other Party with information and advice on topical issues of cooperation.

**6. Development and implementation of joint special projects aimed at the  
implementation of the above areas of cooperation**

- 6.1. Development and establishment of direct contacts between major departments, laboratories and scientific departments;
- 6.2. Development and establishment of cooperation between the libraries of both Parties, including the exchange of scientific and educational literature;
- 6.3. The parties, by mutual agreement, may form additional requirements for the implementation of the terms of the agreement and carry out other projects within the framework of the implementation of this agreement.

## **7. Duties of the parties**

- 7.1. Timely provide each other with the necessary information, advertising and other materials specified under this agreement.
- 7.2. Provide each other with oral and written explanations and information about the use of the information received, as well as documents related to the scope of cooperation.
- 7.3. Keep confidential information, trade secrets of each other entrusted to them in the field of cooperation. Confidential information, trade secrets include any information, the transfer of which is formalized in writing and referred by both parties to this Agreement.

## **8. Rights of Parties**

- 8.1. Receive complete and comprehensive information in the field of cooperation.
- 8.2. Independently carry out the necessary organizational, financial, planning and executive work, including with the involvement of third-party organizations and specialists, within the framework of this Agreement.

## **9. Special Terms of Agreement**

- 9.1. For the implementation of joint programs and projects, the Parties shall appoint their representatives who deal with and supervise the implementation of work in accordance with this Agreement.
- 9.2. Financing of joint programs is carried out by the parties on the basis of special (separate) agreements.
- 9.3. The number of exchange participants, terms, conditions and duration of stay, as well as other conditions are determined by the work program drawn up in accordance with clause 3.5. of this agreement and are carried out by the Parties on the basis of special (separate) agreements.
- 9.4. The Parties consider it expedient for implementing this agreement to conclude agreements, protocols, develop joint educational and research programs, and practice other forms of cooperation as necessary.
- 9.5. None of the Parties shall be liable for full or partial non-fulfillment or improper fulfillment of obligations under this agreement, if this non-fulfillment or improper fulfillment is the result of force majeure circumstances beyond the control of the Parties and arising after the signing of this Agreement.

## **10. Terms of the agreement**

- 10.1. This Agreement comes into force from the moment of its signing by the Parties and is valid until one of the Parties expresses a desire to terminate it by notifying the other Party in writing one month before its termination.
- 10.2. This agreement is made in two copies in Russian language. Each Party shall keep one copy of the agreement.
